Dates: 2/27-4/10/2019
Skip Dates: 3/13/2019
Grades: K-5
Class Duration: 6 weeks
Price: *94

PROGRAM DESCRIPTION:

Coming Winter 2019: **ENERGIZE IT!**

Circuits and currents and conductors, oh my! This electrifying after school program from Mad Science is sure to provide a hair-raising experience as students explore the inventions of Tesla, Van de Graaff and more! Build your own simple circuits and take a ride on the electron highway to discover how currents flow. Get connected as you experiment with telecommunications and ask "Watt's Up?" as you witness incredible demonstrations of static electricity! This supercharged program will challenge students to identify the practical applications of electricity in their everyday lives through hands-on activities and exciting take-home projects each week!

*Classes are held on site at the school --
no transportation needed!
Please Visit the FAQ on our website for more
information!

***Register by 2/20
and
Save \$5!!!**

REGISTRATION INFORMATION:

Please Register Online at Colorado.madscience.org
