

Bienvenidos a Español y al Año Escolar 07 - 08!

Welcome back – we hope you had a fun and relaxing summer. We are looking forward to starting this school year, working with your students and having some fun, too.

We have very exciting news from the Spanish Department. We have a new Spanish teacher who will be teaching at all grade levels!. Her name is Martha Amezquita, and she is from Colombia, South America. Mrs. Amezquita will be teaching along with Mrs Obregón and Mrs Harth.

Additionally, in Middle School, the seventh and eighth graders will be using a new program called "Realidades". This is the exact same program that Chaparral High School uses, so the transition to High School should be very smooth.

Get ready and enjoy with us in this adventure to learn more Spanish!
